

SOPHOS

Small business solutions pricing - January 2005

SOPHOS SMALL BUSINESS SUITE

The best possible defence against viruses and spam - blocking threats at the email server and virus-checking desktop computers, laptops and network servers. This multi-tier solution for small businesses supports Windows 98 SE/Me/XP Home and Pro, 2000/2003, Mac OS 10.2 and above, Exchange 2000/2003 and Windows 2000/2003 with IIS. Sophos Control Center is supported on Windows 2000/2003/XP Pro

SOPHOS ANTI-VIRUS SMALL BUSINESS EDITION

Provides desktops and file servers with exceptional levels of protection against existing and new virus threats. It is quick and easy to install and is kept up to date automatically. Even remote workers can be kept virus-free. It supports Windows 98 SE/Me/XP Home and Pro, 2000/2003, Mac OS X 10.2 and above. Sophos Control Center is supported on Windows 2000/2003/XP Pro

For Windows NT/95 and non-Windows platforms please refer to the Enterprise price list.

SOPHOS PUREMESSAGE SMALL BUSINESS EDITION

Protects small businesses at the email server from viruses, spam and other email-borne security threats. It is easy to manage and configure through a simple interface and can accurately detect spam in multi-language mailstreams. It supports Exchange 2000/2003 and Windows 2000/2003 with IIS.

WHAT DOES THE LICENCE INCLUDE?

- ✓ Auto Update
- ✓ Sophos Control Center
- ✓ 24/7 telephone technical support

A 10% DISCOUNT APPLIES TO ALL EDUCATION, NHS, CHARITY AND NOT-FOR-PROFIT ORGANISATIONS

General pricing and licensing guidelines

1. All prices are per user pack, per year (1, 2, 3 & 5 year) and are exclusive of tax. Multiple packs can be purchased by one licence holder.
2. The greater of: 1) the number of servers and computers protected, or 2) the number of users protected will determine the pack size.
3. The number of servers covered by the licence is limited to 10% of the total number of users licensed, with a minimum of one.
4. All licences include 24/7 technical support and product updates for the duration of the licence.
5. The minimum small business licence is 5 users.
6. For small business licences of over 100 users please refer to your account manager for price-per-user cost. It is highly recommended that customers test the software in their environment before purchasing - Sophos does not test the software in environments with over 100 users and will not address specific customer issues due to use in 100+ user environments.
7. Existing customers can choose to move to the equivalent small business solution. However, the new small business pricing will only apply when their current licence is due for renewal, except in situations where the small business licence is more than their current licence.
8. Standalone PCs can be included if an internet connection is available.
