** For licences greater than 2500, Sophos will require the exact number of users.

General pricing and licensing guidelines

1. All prices are in £ sterling per user per year and are exclusive of VAT. Minimum order value £50.
2. The number of computers and servers protected may not exceed the number of users covered by the licence. The number of servers covered by a licence is limited to 10% of the total number of users licensed, with a minimum of one. Additional server-only protection can be licensed. Contact your account manager for further details.
3. PureMessage for UNIX/LINUX is available for 500+ users only. Contact your Sophos account manager for further details.
4. Multiple gateway platforms can be included. Pricing available upon request.
5. For Lotus Notes protection, please use MailMonitor AV. Pricing available upon request.
